

# T - shaped foldway profiles

## SCHEMES

PRODUCT	THICKNESS [mm]	WEIGHT [kg/m <sup>2</sup> ]	DIMENSIONS [mm]	DIMENSIONS GRID [mm]	EDGE
Celentit NB	35	14	2395x595 - 1995x595	600	PM
Celentit AB		15	1195x595 - 995x595		
Celentit ABE		16	595x595		

## Warning

This construction detail and the proposed solutions are merely informative. So they can not replace projects or architectural and structural analysis of the works described. Celentit S.p.A. assumes no responsibility on the design choices and on the implementation of works performed in reference to what is described in this report. In particular Celentit S.p.A. does not guarantee the results of the recommended solutions not having carried out any direct and detailed examination of the state of places and buildings, or being able to exercise any control on the possible achievements of the solutions themselves.
